

Network Event Grant Request

Networks are encouraged to put on or sponsor events consistent with the goals of IWIRC. While it is expected that such events will be funded by the Networks themselves, IWIRC International has earmarked money in its budget to supplement the funding of networking and recruiting initiatives by its Networks. If at all possible, please submit grant requests no less than 30 days in advance of the event. Decisions on grant requests will be made by the Executive Board and relayed to the requester as soon as possible.

Please select from the following event types:

Network Signing Bonus - New networks will automatically receive a \$500 grant to fund member recruiting efforts and Network events.

Regional & Multiple Network Events - Grants are available to support regional events involving more than one IWIRC network or partnering with another relevant professional organization. An IWIRC regional event is defined as an event planned and sponsored by two or more IWIRC networks or an IWIRC event being held in conjunction with a national platform such as at an ABI or TMA conference. As a reminder, all IWIRC events must be held before or after such conferences or during a period of time when the conference does not have events scheduled.

Recruiting Events - Grants are available to support local events aimed primarily at increasing membership in IWIRC.
