To keep in mind when setting our calendar of events for 2018:

**Purpose of IWIRC Hong Kong Network**

The Hong Kong Network was established on 27 May 2005 in response to the need for a forum for insolvency professionals to share and discuss their similar goals, interests and concerns related to:

- The status of women in the insolvency-related professions;
- The effective participation of women in the business of insolvency and in insolvency-related organizations;
- The development of insolvency policy, particularly the need to harmonize disparate insolvency laws internationally; and
- The impact of insolvency and insolvency laws on women and families.

**Mission of IWIRC:**

We are committed to the connection, promotion and success of women in the insolvency and restructuring professions worldwide.

**Other thoughts:**

- Do we want more lunch time events to suit those who do not want to drink/attend evening events?
- Any new events we have not previously run?
  - Art jamming
  - Manicures and Martinis
  - Another joint event with TMA
  - Joint event with other organisations like WILHK, LILA?
- Do we run the Oyster shucking event again in English?
  
- **Potential Breakfast Bites – topic ideas:**
  - Inspiring women? Women in unusual roles or high profile roles?
  - Charity aspect?
  - Presentation on effective parenting in Hong Kong?
  - Presentation on social media/personal branding etc?
  - Others? What connections do people on the board have?
