The conference kicks off on April 27 with the Board and Network Chair meetings at Kirkland & Ellis Law Firm. That evening, conference attendees will gather on the top floor of the local Hotel Washington for great views, drink, food, networking at the IWIRC reception and dinner!

On April 28, the Education Sessions and Luncheon will be held at CONVENE, 600 14th Street, D.C. 20004 which is less than 5 minutes from the ABI Conference Hotel.

#### **Panel 1: Harnessing the Power of Diversity: A Global Narrative**

This conference session is designed

- to fulfill IWIRC's goal of boldly embracing our role as industry leaders, to whom everyone in this field looks for leadership, and to step boldly into the future of what America and the rest of the world thinks like and looks like—one that is more diverse, more inclusive, and that fosters equity—lest we risk falling into disfavor among young talent coming into the profession whose views on DIB more progressively align with modern thought.
- To provide a path forward as clients are increasingly demanding diverse teams from their law firms by planning data driven initiatives
- To help head off complaints by articulating DEI goals and benefits to management and staff alike. Everyone in the organization must understand that diversity and inclusion are core values and that meeting DEI goals will require a sustained effort

#### **Panel 2: Mass Torts What is the mass tort?**

A mass tort is **some act or omission that harms or injures numerous people**. This panel will examine recent developments in Mass Tort Cases
